

March 3, 1975

over backwards in regard to cooperating, Senator Mahoney and Senator Burbach. The only purpose of this is, is that when the payment is made, that the payment clears up number one pyament and number two payment and I feel strongly that if we simply portion out two million dollars, according to what I understand 555 to be, we will simply be compounding a problem which has to solved sometime and that has to do with the lack of evidence for the payment of number one and the overpayment to several school districts of number two. I would have the amendment ready before the morning so that it can be printed in the Journal and that is the only motive and I am sorry that Senator Lewis is not here at this time because this is not an attempt to try to go around him. Mr. President, that's my explanation.

PRESIDENT: Senator Marvel, do you want to change that from asking for unanimous consent to a motion, then, to pass.

SENATOR MARVEL: I don't know whether I will get unanimous consent.

PRESIDENT: All right. Senator Koch.

SENATOR MARVEL: I would like to leave it that way and if there is an objection, I will move and if I lose it, then we will just proceed.

PRESIDENT: All right. Senator Koch.

SENATOR KOCH: Mr. President and members of the body, I have a question of Senator Marvel.

PRESIDENT: Well, we are not talking about 555. Just the motion to lay over.

SENATOR KOCH: Well, I have some questions about the Attorney General's amendments. He has been visiting with me for the past week and I have been avoiding him, particularly the assistant Attorney General. I just want to know if it is the same ones I have observed or have seen.

SENATOR MARVEL: I don't...is this a question?

PRESIDENT: I think so.

SENATOR MARVEL: I don't know, Senator Koch, and I would be prepared within about an hour to have these ready. I can't... I don't know whether it is the same questions or not because I don't know the questions that you have posed. All I can do, Mr. President and members of the Legislature, in fairness is to simply say that what this is an attempt to do is to pay out all the money at once and try to clear up payments one and two because I do not think that 555 is going to solve the problem. It is going to compound it but I suppose I violate what you said in trying to argue 555 and I am sorry. I won't do that again.

PRESIDENT: We will get into protracted debate if we start arguing the merits of 555. Senator Koch, do you want further discussion, or is that sufficient? Senator George.

SENATOR GEORGE: Mr. President, are we discussing 555 now?
